

Dear Nipper Parents/Carers

Our Junior Nippers Committee at Toowoomb Bay work tirelessly to provide a safe, enjoyable and fun environment for our Nippers and their parents/carers. However, no amount of work by this team can be effective without you the members. We have a great team of Age Managers & Assistants, but help is still required every Sunday to set up the beach and help pack up the beach at the conclusion of Nippers.

I must enforce again one of the key areas we are lacking support in is Club Officials for carnivals. We can not expect the few Club Officials we have turning up to every carnival to officiate for us when they do not even have children in Nippers any more. I would like to thank our young SRC members who did water safety at the Terrigal Carnival. They spent the majority of their day out in the water for your children and for the club.

If you are entering your children in these carnivals at least one parent from each family must make themselves available to help official at the carnival. It is not up to myself or Greg McMahon to have to be an official, as well as do all our other duties on the day, plus set up & pack up at the conclusion of the carnival.

IF WE DO NOT SUPPLY ENOUGH OFFICIALS AT THESE CARNIVALS YOUR CHILDREN WILL NOT BE ABLE TO COMPETE.

If you wish to register for the Officials Course please call Jacqui in the office to secure your spot!

Thank you for your support!

Graham Eager (*Wombat*)

**** Please see below a note from Dave Unger (Director of Surf Sports Central Coast) regarding Officials at Central Coast Carnivals**

On behalf of David Unger Director of Surf Sports, the Board of Surf Sports, Surf Life Saving Central Coast and the competitors we would like to thank all those for officiating yesterday at the Junior Carnival. We do hope you found some enjoyment in the day and will officiate again.

We will be holding a Level 1 officials course on **21 and 22 November** and maybe another in early December so just let your club know if you would like to do the course.

Always remember Officials provide the surf life saving competitors with a precious gift – TIME.

Without officials there would be no surf carnivals and therefore the competitors have no competition. Every time you officiate at a surf carnival you help australians young and old to achieve their goals and stay healthy and practice their skills to become lifesavers. Once accredited you can work at Branch, State and Australian level. All assistance during Sunday activities and carnivals are greatly appreciated. Thank you again.
